BRITAIN'S MEMBER SCORES LEAGUE

Armenia Hemmed In, Barnes Asserts to Council

Brutal Bolshevism On One Side And Inhumans On Other

No Peace Until We Have Industrial Peace He Asserts

(By Associated Press)

Geneva, Switzerland, November 19.—At the opening of today's session of the Assembly of the League of Nations, Paul Hymans, the president, read a reply from President Wilson to the message sent to Washington by the Assembly on Monday.

George N. Barnes, a British delegate, then took the floor to begin discussion of the report of the Council of the League. Mr. Barnes dwelt especially on the necessity of lending assistance to the Armenians.

"They are," he declared, "hemmed in by the brutal Bolsheviki on one side and by inhuman beings on the other."

The labor chapter would become the most important part of the treaty, Mr. Barnes predicted. "There can be no permanent peace in the world," he said, "until there is industrial peace; and there can be no industrial peace until labor gets a better share of the products of its efforts."

He referred to the action of the League in the Polish-Lithuanian dispute and in the question of the Aland Islands, between Finland and Sweden.

He said the Council must have support, but he wanted to know why the Council had not taken action as provided for in Article Eleven of the league covenant to prevent the war which had been going on for a year between Poland and Soviet Russia.

The British delegate held it was quite possible for the league to do something to prevent a fresh outbreak of hostilities between Poland and Soviet Russia, which he declared was unmistakably threatening in spite of the "patched up" peace.

SCALDED TOTS DIE SUFFERED HOURS WITHOUT RELIEF

(By Associated Press)

Cleveland, O., November 18.—Two children scalded by a pot of boiling water died today after suffering for nearly twenty-four hours without medical aid, according to police.

The children, aged 3 and 5 years, were scalded Tuesday night and were put to bed by their mother, who applied what remedies she could and late yesterday afternoon called a physician, police say.

CANNERS REGAINING GROUND SAYS SEARS

(By Associated Press)

Chicago, November 18.—Prices of canned goods will be no higher and may be somewhat lower in the coming months, Walter J. Sears, of Chillicothe, Ohio president of the National Canners Association, said today.

Government selling of surplus war material demoralized the canned food industry, he said. These goods being now nearly disposed of, the canning business is regaining its lost ground.

FRENCH GIRL WINS CITIZENSHIP FOR HER WAR SERVICES

Marie Alexandrine Lang.

Marie Alexandrine Lang, a young French girl who served thirteen months with the A. E. F. as a telephone operator with the signal corps in France, has been admitted to citizenship. She filed her application under the provisions of the naturalization laws which permit alien members of the army or navy who served during the war and who were honorably discharged to become citizens without making the regular declaration of intention and waiting two years before their cases were heard.

URGES PRESENT PRICES OBTAIN

Steel Corporation Announces Policy to "Stabilize Business."

No Change in Basic Prices Until Altered Conditions

(By Associated Press)

New York, November 19.—The United States Steel Corporation announced today its decision to recommend to presidents of subsidiary companies that the "present base selling prices of all commodities continue in force unless and until it becomes necessary and proper to make changes to meet altered conditions."

This action was taken, according to a statement issued by Chairman Elbert H. Gary, because of the importance of stabilizing business conditions at this time.

Mr. Gary's statement follows in part: "Our subsidiary companies have consistently and uninterruptedly maintained the base selling prices of all iron and steel commodities which were not mutually fixed by representatives of iron and steel interests of the United States and representatives of the government on March 21, 1919."

"Since that time production costs of all manufacturers of iron and steel including an advancement of wage rates aggregating \$51,000,000 per year to the steel corporation and larger freight rates have materially increased. Under usual circumstances we would be justified in making additions to the average year base prices."

"We think, however, stability in business is of highest importance and that every man to the extent of his opportunity and ability and even at some sacrifice is obliged to assist in stabilizing and maintaining prices on a fair and sane level. The producer, consumer and workman will be benefited by this attitude."

MYSTERY OF TRAIN ROBBERY CLEARING

Seven More Arrests And One Confession Lifting the Veil

Which Has Shrouded 'Burlington' Train Robbery in Mystery

Some of Stolen Money Recovered In Old Chicken House.

(By Associated Press)

Council Bluffs, Iowa, November 19.—Seven more arrests, one confession, the recovery of a large amount of money, all in ten dollar bills, and the discovery of an automobile last night resulted today in clearing the mystery surrounding the \$3,500,000 Chicago, Burlington & Quincy mail car robbery in the local yards Saturday night.

Two of the men arrested, T. A. Daly and H. A. Reed, are white, and the others are negroes.

The money was recovered from a chicken house at the Daly home following the confession of Reed, who roomed at Daly's.

The total amount of money, including currency, gold and bonds, recovered was not announced by officials this morning. Ten persons in all are under arrest and will be given a hearing tomorrow.

STOCK MARKET GROWS WEAKER DURING FRIDAY

New Low Records Are Made Many Speculative Issues

Shippings Again Under Cloud Due to Action Thursday

(By Associated Press)

New York, November 19.—The stock market developed further weakness during the morning session today after opening with a moderate degree of firmness.

Calls for extra margins issued by brokers after yesterday's collapse met with indifferent response, it was said, and this evidently precipitated further liquidations.

New low records were made by many speculative issues, especially those embracing the food and affiliated varieties. Before noon additional losses of two to five points were sustained by several of these stocks.

Standard industrials withstood the increased prices for a while but yielded when crucible steel broke seven points.

Shippings were again under the cloud created by the suspension of American international dividends announced yesterday.

EXPLOSION WRECKS HOME AND KILLS TWO CHILDREN

(By Associated Press)

Rockville, Maryland, November 18.—An explosion which destroyed the home of James Bolton, a farmer near here today, killed two small children of Mrs. Hattie Shipley, Bolton's housekeeper and caused injuries to Mrs. Shipley and Bolton which are expected to result in the death of the latter.

Vernon Thompson a neighbor was ordered arrested. Authorities refused to explain the arrest.

HYMANS CHOSEN PERMANENT HEAD OF WORLD LEAGUE

Paul Hymans.

Paul Hymans, former premier of Belgium and head of the Belgian delegation to the league of nations, now in session at Geneva, Switzerland, was named permanent president of the league at the opening session.

LOWER WAGES LOOMING A HEAD

Steel Company Declares Lower Prices Coming

Business Outlook In Steel Not As Good As It Has Been

(By Associated Press)

Youngstown, O., November 19.—"It is not likely there will be a general reduction of wages for some time, but there surely will be later on—not, however, until the cost of living has been still further reduced," said a statement issued today to the employees of the Youngstown Sheet and Tube Company, the largest independent steel company in the Youngstown district by James A. Campbell, president of the company.

Declaring that "the outlook for business is not as promising as it has been and that lack of demand because buyers waiting for lower prices makes it possible the plant cannot run to capacity," Mr. Campbell urged the steel workers to work every day and save as much as possible, putting off buying until prices are lower.

"Prices of steel products are considerably lower today than they were 30 days ago," the statement said, "so that the margin of profit in our operations is now very small. We are hoping, however, for lower prices on coal which has been unreasonably high. This would be of some help but present costs of limestone and freights will not change much over the next six or eight months and during this time we shall be operating probably not to full capacity."

In urging employees to put off buying homes until spring Mr. Campbell said there is every indication building costs are going to be lower.

"HARDING YEAR" IN STYLE OF CLOTHING

President-Elect Wears Conservative Clothes And Styles

Designers and Cutters Speak In Favor of The Harding Style

Blues and Dark Greys Seem To be The Colors Favored

(By Associated Press)

Washington, November 19.—New Year is to be "Harding Year" in clothing styles for men, members of the Custom Cutters' and Designers' Association were told by speakers at a dinner last night.

P. J. Foley, of Washington, an officer of the association, said that President-elect Harding wears conservative suits, leaning to blues and dark greys, and that is what all well dressed men will wear in 1921.

There will be no frills in clothes next year, Mr. Foley said, and conservatism will be the rule. It is to be Harding year in styles, also.

ASKS IMMEDIATE ADMISSION OF CENTRAL POWERS

British Delegate Says Co-operation Is Needed

Says He Represents Laboring People of England

(By Associated Press)

Geneva, Switzerland, November 19.—Immediate admission of Germany and the other former enemy states to the League of Nations was urged before the Assembly of the League today by George Nicoll Barnes, of the British delegation.

Representing as he did the laboring people of Great Britain, said Mr. Barnes, he knew the great majority of them demanded that all the enemy states be admitted without delay.

The British delegate recalled the fact Germany had taken part already in the deliberations of the international labor bureau established by the league.

"The people of Great Britain whom I represent here," he said, "do not forget that the central empires plunged the whole world into war. They do not forget the misery and devastation caused. But the question now is to rescue the world from ruin and the co-operation of the former enemy states is needed."

EX-EMPRESS OF GERMANY SERIOUSLY ILL

All Sons and Daughters Notified To Come to Bedside

(By Associated Press)

Doorn, Holland, November 19.—Former Empress Augusta Victoria of Germany, who yesterday suffered another severe heart attack, appeared last night to be in a more serious condition than officials at Doorn Castle would admit.

All her sons and daughters were notified of her illness and are expected today.

Prince Henry of Prussia, brother of the former Emperor, may also arrive today. Greatest depression prevails at Doorn Castle.

SHE WILL CARE FOR WOMEN IMMIGRANTS

Dr. Katherine Herring.

Dr. Katherine Herring, an inspector of immigration who served in Washington during the war in the department of labor, has just been appointed head of the new woman's bureau for the department of immigration. This bureau will care for the women and children among the newly arrived immigrants.

SIXTEEN WORKMEN PERISH IN LAKE

Motor Boat in Maine Lake Ignites and Panic Follows

Lumbermen Leap Overboard When Vessel Takes Fire

(By Associated Press)

Bangor, Maine, November 19.—Sixteen workmen were drowned in Chesuncook Lake in the heart of the lumbering district late yesterday afternoon when a motor boat took fire. The men were being taken across the lake from Chesuncook Dam.

Efforts to quench the fire failing the party became panic stricken and many leaped overboard, according to word brought here today.

EXCESSIVE KICK IN CINCINNATI BEER ANALYZED

Sensational Developments Are Anticipated.

(By Associated Press)

Cincinnati, O., November 19.—The analysis of 20 samples of beer seized by Federal Prohibition agents in a series of raids at breweries and saloons here show that the alcoholic content ranged from two to five percent.

Sensational developments are expected from the seizure of the samples.

CANDY IS FATAL TO SMALL CHILD

(Special to The Herald)

Chillicothe, O., November 19.—Gladys Reynolds, aged six years, residing south of this city, today choked to death on a piece of candy. She died within three minutes.

FURTHER BREAKS OCCUR IN MARKETS

Grain and Provision Prices Smash Heavily

Corn Takes Lead and Other Grain Follows.

Severity of New Break Excites Wide Comment

(By Associated Press)

Chicago, November 19.—Grain prices smashed heavily downward today all along the line with hogs and provisions following suit. Corn led the way, notwithstanding it was already lower than at any time since 1915.

Expected greatly enlarged pressure of offerings from the new crop of corn appeared to be a leading factor in emphasizing sentiment caused by unsettled financial and economic conditions. As a result before the day was half over wheat had fallen seven and one-half cents to \$1.73 1/4 for December delivery and \$1.63 for March.

Corn was off three cents to 65 7/8 for December and oats down to 46 5/8 for May.

The severity of the new break in prices and the extent of the accompanying selling to liquidate holdings excited much comment.

TYPHOID PEAK IS NOT REACHED AT SALEM, OHIO

Situation is Desperate in The Stricken City in East Ohio

(By Associated Press)

Salem, O., November 19.—Seven hundred and eighty persons were today suffering from typhoid fever in this little city of less than 10,000 people.

Four emergency hospitals established within the last few weeks are filled with patients and the situation, according to R. A. Lamont, chairman of the Citizens Relief Committee was said to be desperate.

"We have not yet reached the peak of the epidemic," said Mr. Lamont. Eleven persons have died since the epidemic began.

Many of the victims are workmen employed in the town's factories, and their families.

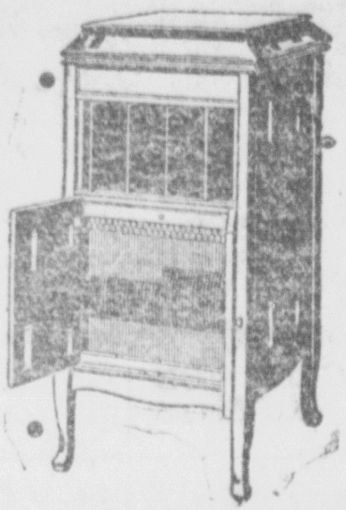

"We have applied to the National Headquarters of the American Red Cross as well as to the Lake Division," said Mr. Lamont.

"Salem needs relief, and needs it badly, in the form of nurses, medical supplies and ambulances. About one person in every twelve is afflicted with the disease and while the people of the town are bravely doing their best to help it seems our committee that outside relief is necessary."

THINK COPPER PAID THE COIN IN GRAFT CASE

(By Associated Press)

New York, November 19.—Stephen Birmingham, a member of the New York police department was arraigned today is alleged to be manager of the "compensation bureau" maintained by Robert P. Brindell, labor leader indicted in connection with the joint legislative committee's inquiry into New York's "building trust."

FIRST ACCIDENT OF THE SEASON HUNTER WOUNDED

Roy Dill Shot In Left Leg When Companion's Gun Is Accidentally Discharged.

Heavy Boot Prevents Leg Being Badly Mangled.

The first hunting accident of the season occurred in Fayette county Thursday evening about four o'clock. Roy Dill son of Mr. and Mrs. Robert Dill, received about thirty shot in his left leg below the knee when a shot-gun in the hands of Nathan Ervin, son of Mr. and Mrs. Bert Ervin was accidentally discharged.

Both men, who are residents of near Jeffersonville, were hunting on the Rader farm on the Woods road, in company with seven or eight others. It seems that a rabbit jumped up and that when Ervin attempted to raise his gun to his shoulder, it was discharged before in position. Dill was standing about thirty feet away and received the full force of the discharge in his leg.

His companions placed the wounded man in an automobile and rushed him to Jeffersonville where he was attended by Dr. F. E. Wilson.

About thirty shot entered the leg and it was stated by the doctor that a heavy boot which Dill was wearing saved him from very serious injury.

PRISONERS TAKEN TO PENITENTIARY

Deputy Sheriff Nelson Friday morning escorted Homer Self and Roy Barton to the Ohio Penitentiary, where they will be imprisoned for an indefinite term of years.

Owing to the nature of the offenses of which the men were convicted, they will probably remain in the state prison more than a year or two.

MY WIFE WAS IN A BAD WAY WHEN SHE BEGAN TAKING DRECO

She got satisfaction from every dose of Dreco, the great herbal remedy, and soon her nerves were quiet, sleep became sound, constipation relieved and dizziness disappeared.

"When I left home this morning the last thing my wife said was 'Be sure to bring home some more Dreco.'" "It has done her so much good she doesn't want to miss a dose," said Mr. C. F. Chaff, of Miami, Ohio, Route No. 3.

"She is growing stronger everyday and each dose gives satisfaction," he continued. "Her bowels act regular every day and it is not like taking the ordinary physic, but gives so much comfort. Her nerves have been quieted so she does not get excited as formerly and her sleep is sound and refreshing, awakening the next morning

feeling refreshed and full of energy. "My wife was in a bad way when she began taking Dreco and she is so much better now that the whole family is highly pleased and feel that Dreco has been a great blessing to our household."

Dreco, the great root and herb remedy, which did so much for this lady, acts on the bowels to relieve constipation in a natural manner, not by harsh purging, but regular daily actions. Dreco clears off a sluggish liver, strengthens weak kidneys, aids the stomach and purifies the blood. It relieves bilious headaches, dizzy spells, rheumatism, aching muscles and painful joints, overcomes gas in the stomach and indigestion.

All druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christopher.—Advt.

BLOOMINGBURG SCENE OF BAD FREIGHT WRECK

East Bound Freight Side-swipes West Bound While Entering Switch.

A bad freight wreck occurred at Bloomingburg about three o'clock Friday morning when an east-bound B. & O. freight, with Engineer Leroy Trent, of Newark, at the throttle, side-swiped another freight which was endeavoring to get into the switch before the east-bound freight arrived. Eleven cars were derailed, the engine turned over in the ditch, track torn up and two cars of hogs demolished and many of the hogs killed or crippled. Traffic was blocked until late Friday morning when the wrecker appeared, cleared away the debris and repaired the roadway. The early morning passenger trains were derailed as result of the blocked road. It seems that the engineer on the east-bound freight forgot his orders to pass the other freight at Bloomingburg, and was expecting to pass at the Haines switch, Madison Mills.

As a result his engine crashed into the other freight as it extended from the siding, and a number of cars were scattered about the right-of-way, while the engine left the rails and turned over. Engineer Trent, leaped to safety but his fireman went over escaping injury in some miraculous manner. All members of the crew had a severe shaking up.

When the big engine of the east-bound plowed into the other freight two stock cars were reduced to fragments, and about 100 hogs shipped by Albert Briggs, of this city, were killed and others crippled.

West-bound freight No. 99 was safely on the siding and an extra west-bound had entered the siding as far as possible, so that it would have been necessary for both freights on the siding to move forward after the rear of the east-bound had passed the end of the switch west of the depot. However Engineer Trent's train was making 25 miles per hour when the crash came. The stock cars were immediately back of the engine of the east-bound train and a long line of oil cars back of them telescoped the stock cars. Six cars on the east-bound were derailed, one car of oil being damaged and left in a leaking condition.

Five cars of the extra-west, which was plowed into were almost demolished, the cars containing piping, glassware, sheet steel, window glass and bailed hay.

The engine was damaged so that it will cost thousands of dollars to repair, and several rods of track were wiped out.

An instant after the crash came the squeals of the injured hogs and roar of escaping steam, mingled with the shots of the train crew made the darkness hideous. The flash of lanterns about the wreck soon resulted in the extent of the damage being realized and Agent L. D. Exline was summoned from his home at Bloomingburg and a call was put in for the wrecker to clear up the debris.

It was not until about eleven o'clock Friday morning that the right-of-way was clear and traffic resumed.

The wreck is one of the worst on the Midland Division in recent months and a very expensive one to the road, which in addition to the loss of rolling stock is liable for live stock killed and injured.

TOOK HYPO-COD FEELS FINE NOW

Man Bothered For Years With Stomach trouble and headaches.

FEELS BETTER THAN IN PAST 4 YEARS

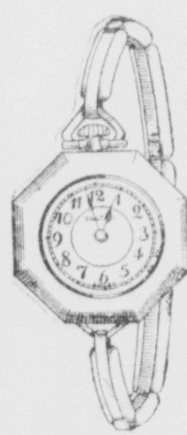

"For four years I was troubled with nervousness, frequent raging headaches and I would have so much gas form on my stomach after meals it would make my heart flutter and give me cramps.

"I seemed unable to find anything in all that time that would stop those troubles until I bought Hypo-Cod. It did the work at once. I don't have the headaches any more. Don't have any trouble with my stomach and it has built me up so nicely I am feeling better than in the past four years," declared Mr. J. M. Compliman, 146 Gailor Ave., Columbus, O.

Mr. Compliman's wife publicly endorsed Earle's Hypo-Cod, also, and both vouch for the quick, pleasant way it did the work. Drop in at the drug store tonight if troubled in this way and take home a couple bottles of this nice tasting tonic that has received the endorsement of thousands of users. Druggists, chemists and experts assert that it is a most powerful reconstructive tonic.

Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns. Price \$1.25 plus 5c war tax.—Advt.

The Farmers Organizing

The great underlying purpose of the farmers is to obtain a price for their products more in proportion to their efforts, their investment and their financial risk.

The whole industrial and social fabric is dependent upon the farmers and, strange to say, they have been the least assertive in urging their rights. The less numerous and more dependent branches of activity, financial, industrial and commercial have profited at the expense of the farmer and the consumer for many years. The reason is that the large number of farmers and the large number of consumers are both, or have been thus far, incapable of organization. Numerically smaller business activities have been able to organize into compact, forceful working units and have, as a matter of course, benefited themselves at the expense of the great number of farmers and the consumers.

We do not, as a rule, favor organization of separate activities, but with almost every other activity organized, it seems, the farmers must organize or suffer the consequences in loss of money.

So long as the farmers and consumers remain unorganized and the middlemen are organized the farmer will be beaten down in the prices he receives and the latter will be compelled to pay more and more for what he must buy.

So long as the farmers' organization holds to the great purpose of a lower price to the consumer and a higher price to the producer, leaving the middlemen to produce rather than to accumulate fortunes by market manipulation it will prosper.

As a matter of course it is a long way yet to a thorough working organization of farmers and the elimination of the unnecessary middlemen, but there must be a start made if we are ever to arrive at the goal we have set and that the farmers have done.

Just so soon as selfishness and greed enter into the organization success will vanish. We must have our grain elevators, our store houses and our distributing agents, but they should work with the farmers and for the consumers and not against them.

Success is certain to come if selfishness and greed can be kept out of the organization and so long as that is done—success to them.

The Outlook Discouraging

There seems to be no longer any room to doubt the correctness of the reports of the complete defeat of General Wrangel and his anti-radical forces by the Bolsheviks.

Sebastopol has fallen to the Reds and the whole of the Crimea is securely within the grasp of the radicals under Lenin and Trotzky. Moscow now issues edicts that causes more than a flutter of concern in European capitals. The control by the Reds of the Crimea and its vast wealth of foodstuffs—the granary of Europe—is a serious menace to every nation overseas.

Not only that, but the poisonous doctrine of Bolshevism has already found defenders and advocates in India, in Egypt and in Persia. The Moslem world is leaning to the doctrine of radicalism as practiced in Russia.

The course which European powers, Great Britain, France and Italy have followed regarding Russia, their refusal to recognize and aid General Wrangel in his fight to wrest control from the forces of anarchy is one of the inexplicable developments of a time of strange happenings.

The people of America cannot avoid a feeling that the civilized nations of the world are playing with fire, and a dangerous fire. Great Britain persists in a refusal to recognize the Bolshevik regime while Englishmen secretly trade with the disciples of Lenin and Trotzky and furnish Russia, for a consideration, vast quantities of needed supplies. Even some influential Americans, forgetting the high ideals and even the safety of our own nation, are "taking a chance" in seeking easy money in Soviet Russia.

The nations must declare themselves on Russia and Sovietism, adopt a definite plan and follow it conscientiously or pay the penalty. Taking chances, drifting along, seeking big money or easy terms will lead to disaster.

POETRY FOR TODAY

THE SLEEPING WORLD

Sleep while the earth rolls silently round
And the sun's gone to other lands.
Sleep while thousands of ocean waves roll drowsily into the quiet shores
To sleep on the quiet sands.

Sleep, for the mountains are all asleep
With their heads tucked down in the clouds.
And the big desert moon hangs low in the sky to drowsily watch the crowds
Of Arabs asleep in their tents—all asleep.

Sleep like the birds dreaming dreams in the trees,
Like the cornfields a-nod in the slow swinging breeze;
Lie in your dream boat, so wide, so deep, and dreamingly drift into quiet sleep.
For the whole world's so drowsy, so heavy with sleep—
The whole world's asleep.
—New York Evening Sun.

JIMMIE MILLER'S

HARDING HOLDS ALL THE CARDS IN CHOOSING HIS CABINET

Majority So Big He Does Not Have to Make Appointments To Appease Factions

Panama Tolls Acts Likely To Be Very Much to The Front—Prospect of a Lively Row

BY MARK SULLIVAN
(Copyright 1920)

Washington, November 19.—Senator Harding is on the sea bound for Panama. He says he is giving no thought to Cabinet appointments.

A good many politicians at home, however, are acting as if the cabinet appointments were already being made. They could not be more energetic if it were known that Senator Harding is going to hand out his completed list when he gets off the boat on his return home, December 4. But there is better evidence that what Senator Harding says about the state of his own mind is a simple statement of fact. And it could readily turn out that the energy of those who seek cabinet appointments, and of their friends, may be a handicap rather than a help.

A man who goes into the White House with such an emphatic commission as Senator Harding enjoys, backed by the authority of so huge a popular majority, has no need to placate minor or local leaders, and is not in a position to be the victim of pressure. So far as that goes, men of the calibre fit for a big cabinet do not urge themselves, and do not allow their friends to urge them. Most of the seeking is done by those who are the less likely.

Harding's Unique Position

A careful compiler has listed seventy names that have been "mentioned" for the ten cabinet positions. Fully sixty-five of those names represent the cases of local party leaders who are given a friendly boost by their home newspapers on the ground of local patriotism, or minor leaders to whom a friendly newspaper man can pay a harmless courtesy without doing any specific injury to veracity by saying they are cabinet "possibilities."

Mr. Harding in selecting his cabinet is in a position unique among recent presidents. His majority was so large and his leadership is so secure that he does not need to make cabinet appointments on the basis of securing the co-operation of factions whose opposition might embarrass him, which for example, it is fair to assume was the motive President Wilson had in making Bryan Secretary of State.

Neither does a president whose franchise from the public is so all-embracing that it includes unprecedented majorities in every state except ten, and who even in the south secured an indorsement no other Republican ever had, need to take into serious account the factor universally taken for granted, of "geographical considerations."

A Lively Row in Prospect

Senator Harding says also that he is giving no thought to policies; and the evidence of those around him is that this also is a simple and accurate expression of his state of mind. Many assume that Senator Harding chose Panama as the objective of his recreation trip because in his campaign he laid so much emphasis on the exemption of American coastwise ships from tolls in the canal, and wants to familiarize himself with conditions there preparatory to a prompt and energetic urging of that measure as one of the first acts of his presidency.

The fact is that in Senator Harding's mind Panama as a place to go on a sea trip for recreation, and Panama as a subject of policy, have little except an accidental relation to each other. Nevertheless, it can be counted on with confidence that the Panama Tolls Act will be very much to the front as soon as Mr. Harding becomes president.

It will be to the front partly because the new President's heart is in it, and partly because it is a subject as to which some strong leaders of his party differ with him. The Panama Tolls Act affects our foreign relations and American history both recent and past, proves that as a provocative of excited political discussion an issue dealing with foreign affairs takes precedence over everything else.

There is much to say, and much will be said, as to just why President Wilson persuaded the Senate in 1914 to take the step it is now proposed to repeal and to withdraw the exemption from tolls which American ships then

enjoyed; why the subject lapsed from 1914 to 1920; why it was resurrected in the Republican platform last June, an what individuals were responsible for that resurrection; and how it came about that Senator Harding made this one of the principal subjects of his campaign. However, that will all come in due course, and with infinite and acrimonious detail.

TEN YEARS AGO

(Herald News This Date 1910)

Miss Nina Bonham had an exciting experience with a tramp who insisted upon making an undesired call at the home of her parents, Mr. and Mrs. Chas. F. Bonham, Friday.

Miss Bonham took a chance and ordered the man to get out. He said, "How are you going to make me?" when she threw open a press and grabbed for a gun. The man fell over chairs in his hurry to get out and ran like a deer, when she called, "Come back and I'll blow your brains out."

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The home of Mrs. Wert Shoop has been the scene of three lovely affairs this week and will again extend its hospitality on Thanksgiving afternoon at a reception with Mrs. Shoop, Mrs. Hugh H. Hudson and Miss Bess Shoop hostesses.

On Tuesday Mrs. Shoop and sister, Mrs. Hudson entertained with a luncheon and on Thursday and Friday Mrs. Shoop at Bridge luncheons.

The charming luncheon appointments were duplicated at the three affairs and a yellow and green color scheme, introducing a touch of ma-

hogany, artistically carried out in decorations of large and small chrysanthemums and in the delicious courses. Tiny crystal baskets of yellow and mahogany button chrysanthemums were especially pretty on the small tables.

Mrs. S. E. Boggs won the favor in Thursday's game.

Mrs. J. Madison Willis assisted in the cordial hospitalities.

Mrs. Clarence Frazer, of Xenia, was among Friday's guests.

"Columbus friends of Mrs. Charles

J. Parrish, Hamilton, vice president of the Ohio Federation of Women's Clubs, have been told of the engagement of her daughter, Katherine Parrish to Mr. Merlin Gladstone Robertson, Avondale. The bride-elect attended Vassar and Mr. Robertson is an alumnus of Yale.—Ohio State Journal.

Washington friends will also be interested in the engagement of Miss Parrish, as she and her twin sister Augusta have been guests of Mrs. David S. Craig during the past season.

Why not stop at the Y. W. C. A. on your way home from football game, shopping or business Saturday evening or on your way to town after supper? The rooms will be open to visitors after 5 o'clock and the public is cordially invited to come in.

The Y. W. C. A. Room will be converted into scenes from China, Japan, and Latin America and the back Red Cross Room will be a typical Y. W. C. A. Center in this country. Curios and decorations to give an idea of life in these countries will be shown and there will be girls in the costumes of the countries. Opportunity will be given to any who have not renewed their Red Cross membership to do so at this time. Refreshments typical of the countries will be served and music will be furnished throughout the evening. Only a nominal fee will be charged to cover expenses. The purpose is not to make money but to bring people together in a social way and to help our community to know something of life in the countries in which the Y. W. C. A. is working. Any one will be welcome—man, woman or child.

The Mother's Club will have a Thanksgiving party at the home of Mrs. Ralph Penn Monday afternoon at half past two o'clock.

A number of the children will take part in the program.

The affair will be confined to the club.

The spacious home of Mrs. C. E. Lloyd on Rawling street, with its large rooms was made even more attractive with potted plants for the meeting of the Thursday Kensington Club.

Mrs. Lloyd had invited in a few additional guests to share in the pleasures of the afternoon, which also included the serving of a dainty repast.

The club was very pleasantly entertained by Miss Ethel Pine prior to Thursday afternoon's meeting, and Mrs. S. A. Murray will be hostess December second.

An account of the violin recital given in Springfield, Thursday evening by Miss Paulina Watson, a former Jeffersonville girl is compiled from the Springfield Sun.

"The program began with a Sonata in E, by Handel, which was followed soon after by a Tschaiakowsky concerto, considered by many the masterpiece of the evening. So splendid was the musician's rendition, so masterful and so powerful was her bowing that at times, as some one said, "It sounded like a whole orchestra." Instead of the two instruments which were interpreting.

"Perhaps the most apparent thing, outside the actual interpretative ability of the violinist were the facts that the entire program was played from memory, that there was a wealth of energy, sprightliness of execution and every evidence that never for a moment was the player anything but vividly alive. Aside from that one had to accord a seemingly flawless technique, a sureness of approach, a deep and intense love of what she did.

"And—even after this versatile program, the exigencies of which called forth a world of energy, and would have seemed to have been strenuous enough to exhaust any player, Miss Watson came back "by request of a myriad of hands" and gave two encores, so beautiful and artistic that every one will long treasure them in happy memory.

Mrs. D. L. Moore returned Thursday evening from a visit with her brother, Mr. Ray Coffey in Dayton.

Miss Jean K. Fitzgerald, who comes down from Columbus every Tuesday and Friday evenings to instruct Y. W. C. A. Gym classes, is remaining over night the guest of Mrs. Carrie B. Willis, going on to Frankfort, Saturday morning to spend the week end with Mrs. Walter E. Hutton.

Mr. J. F. Adams, who underwent a serious operation at the Mt. Carmel Hospital in Columbus sometime ago, was able to return to his home in this city, Sunday. Mrs. Adams, who has

been spending part of the time with Mr. Adams went up to accompany him home.

Miss Lois Lampe, who is studying for her Masters degree at Ohio State University, and Miss Dorothy Dill a Sophomore in the university, left Columbus Thursday evening with a party of school friends for Urbana, Ill. to attend the Ohio State-Illinois football game.

Mr. Eugene Bliss arrives Saturday from Cleveland to spend a few days with his parents Mr. and Mrs. H. J. Bliss.

Miss Kathryn McLean will entertain Miss Mary Harmount, of Chillicothe, over the week end.

Mrs. Clarence Frazer of Xenia, spent Friday the guest of her sister, Mrs. J. M. Baker.

Mr. and Mrs. C. A. Briggs daughter Miss Mary Ellen, Mr. and Mrs. John Evans son Justin motored to Springfield, Friday evening, to be guests at a wedding dinner entertained by Mr. and Mrs. Alva Turnipseed, honoring their son Edwin, whose marriage to Miss Laura Irons of Jackson, took place Wednesday, in Jackson. The bridegroom is the nephew of Mr. Briggs and Mrs. Evans.

Mrs. Alfred Brown is entertaining her sister Mrs. Thomas, of Cincinnati.

Mrs. Verne Beale and little daughter, Jean Clark, of Urbana, are visiting the former's parents, Mr. and Mrs. Jud Clark.

Mrs. Frank E. Haines is spending a few days in Greenfield with her mother-in-law, Mrs. Clara Haines, while the latter's daughter Mrs. W. I. Barr is in Columbus at the home of her daughter, Mrs. Kenneth Kyle. Friends will be glad to learn that Mrs. Haines' condition is slightly improved.

Mr. and Mrs. Williams Craig have moved from North street to their farm "Shadybrook" near Staunton.

Mr. and Mrs. James Hays, daughter, Miss Beatrice are now located at their home on Washington avenue, the son Mr. Ralph Hays remaining at the farm on the Hays road for the present.

DEATHS

WILLIAMSON

A few minutes after seven o'clock Friday morning death summoned Mrs. Elijah Williamson, 64, at her home in Rock Mills. She was particularly well known in the Rock Mills community where the Williamson family has lived for some time. She leaves a wide circle of relatives and friends. Besides the husband four children survive: Harry, of Fruitdale; Mrs. Arthur Aler of Greenfield; George of Austin, and Elmer at home. Funeral services will be held at the home at 1:30 o'clock Sunday afternoon and burial will be made in the Good Hope cemetery.

Attending To Chickens And Garden

"My neighbors are surprised to see me looking so well, for they thought I would not live to see summer. I had such pain around my heart as to cause me to faint. I knew it came from beating and pressure of gas in my stomach. A friend in St. Louis told me to use Mayr's Wonderful Remedy and I now feel better than in all my life. I am doing my own work, attending to my chickens and my garden and have cleaned house." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary, Frank Christopher and druggists everywhere.—Adv.

GRIDDERS NOW HEADED TOWARD ILLINOIS FIELD

Hard Battle is in Prospect
When The Undeclared State
Meets Illinois Eleven

Big Ten Championship May Be
Decided at Saturday Game

(By Associated Press)
Columbus, Ohio, November 19.—
Ohio State University's football
eleven, the only undefeated team in
the Western Conference so far this
season, left today for Urbana where
it will meet the University of Illi-
nois eleven tomorrow in a game that
may decide definitely the Big Ten
championship honors.

Saturday's game will be the most
important in the west and promises to
be one of the hardest fought gridiron
battles of the year. Both teams are
considered evenly matched, although
the Buckeyes will enter the fray the
favorites.

Twice before in recent years Ohio
State and Coach Zuppke's warriors
have clashed for championship hon-
ors. Ohio State won in 1917, when
Chie Harley's toe put over a 7 to 6
victory for Ohio State. Last year
Bob Fletcher booted a field goal in
the last eight seconds of play, win-
ning the championship for the Illi-
nois 9 to 7, after his team apparently had
lost.

Ohio State will be undisputed cham-
pion of the Big Ten if it wins tomor-
row's game. If it loses, the Buckeyes
will be tied with Wisconsin and Illi-
nois.

Beats Gasoline at 15 Cents a Gallon

A new carburetor which cuts down
gasoline consumption of any motor,
including the Ford, and reduces gaso-
line bills from one-third to one-half
the proud achievement of the Air-
Friction Carburetor Co., 1090 Madison
St., Dayton, Ohio. This remarkable
invention not only increases the pow-
er of all motors from 30 percent to
50 percent, but enables everyone to
run slow on high gear. It also makes
it easy to start a Ford or any other
car in the coldest weather without
previously warming the motor. With it
you can use the very cheapest grade
of gasoline or half gasoline and half
kerosene and still get more power and
more mileage than you now get from
the highest test gasoline. Many Ford
owners say they now get as high as
45 to 50 miles to a gallon of gaso-
line. So sure are the manufacturers of
the immense saving their new car-
buretor will make that they offer to
send it on 30 days' trial to every car
owner. As it can be put on or taken
off in a few minutes by anyone, all
readers who want to try it should
send their name, address and make
of car to the manufacturers at once.
They also want local agents, to whom
they offer exceptionally large profits.
Write them today. advt.

50 Acre Farm

We have for sale a good 50-acre Ross County farm,
located near Sulphur Lick Springs, not far from
Frankfort. Good new 5-room house, out buildings
and stable. Price \$3100. Will sell for cash or will
trade for Washington C. H. property. For hog,
sheep and poultry raising this farm is ideal. There
never was a better time to keep laying hens. Just
think of it—eggs are now selling right here at 7
cents each! See us about this farm.

New Bungalow in good location in this city;
can be had at the right price. It is modern through-
out.

Small trucking property near this city, 5-room
house, 2 acres rich land, fruit, immediate possession.
Price \$1800.

Money to loan on farm land, first mortgage.
High grade tax-free 7% and 8% investments.

Hitchcock & Dalbey

ols for first honors. So far, both Illi-
nois and Wisconsin have each suffered
one defeat this season, Wisconsin hav-
ing been defeated by Ohio State and
Illinois having been defeated last Sat-
urday by Wisconsin.

Both teams have dangerous men in
their backfield. Both Ohio and Illi-
nois are noted for the perfection of
their forward pass attack and defense.
In addition Illinois has an extremely
dangerous field goal kicker in the per-
son of Ralph Fletcher. Last Satur-
day Fletcher booted three field goals,
one from the 40 yards mark and just
barely missed another. The week be-
fore he defeated Chicago by the mar-
gin of a field goal. In the passing
game, the "Walquist to Carney" com-
bination has been just as famous
throughout the conference as the
"Workman to Workman" or "Work-
man to Stinchcomb" plays for the
Buckeyes.

Both teams will be in splendid phys-
ical condition. All the Illinois play-
ers came through the Wisconsin fray
without injury. All the Buckeye in-
jured, including Spiers, Trott and
Willaman will enter the game Satur-
day in excellent shape.

Willaman's presence in the lineup
at full has increased the Buckeyes'
power tremendously. Willaman while
a smashing line driver is a power on
defense and his strong work this way
has more than once helped the Buck-
eyes out of tight places. Due to in-
juries he has been unable to play
much this season and was only used
a short time in the Wisconsin game.

MAKE LONG TRIP IN MOTOR TRUCKS TO BOOST STATE

(By Associated Press)
Columbus, O., November 19.—
Unable to pay the high railroad
fare to Urbana, Ill., to see Sat-
urday's game between Ohio State
and Illinois to decide the cham-
pionship of the Western Con-
ference, several score students leave
tonight for Urbana in automobile
trucks.

Railroad fare to and from Ur-
bana is approximately \$40. The
trip by truck will cost the stu-
dents about one-fourth that fig-
ure. Approximately seven trucks
comprise the train leaving to-
night. Several were equipped
with pneumatic tires and several
with solid rubber tires. The rates
were \$12.50 for the round trip in
the trucks with pneumatic tires,
and \$10 for the solid tire trucks.
The trucks will be "bedded down"
with straw.

STRIKE ORDER CONDEMNED BY FARM BUREAU

Official Denounces And
Terms Strike "Radical."

Says Method Is Not Way to
Get Fair Deal For Farmer.

In a statement issued Friday morn-
ing by an official of the Fayette Coun-
ty Farm Bureau the policy of the local
organization towards the nation-wide
producers' strike called by the Na-
tional Farmers' Union, which num-
bers a membership of 800,000 was
clearly outlined in clear cut tones.

H. W. Wilson, a member of the ex-
ecutive board of the local bureau, stated
that the Fayette County Farm Bu-
reau is opposed in every sense to the
producers' strike called by the Farm-
ers' Union.

He said that the movement was of
a distinct "radical" conception and
that the method advocated by the union
was not to be taken as the criterion
of judgment of the American farm-
er towards market declines of farm
products.

Mr. Wilson asserted that the farm-
ers' produce had been the last to ad-
vance with the ascension of prices and
that it was also the first to feel the
downward trend. He stated that
producers in almost all other lines
of business were not affected in the
same manner as the farmer who has
been placed in a most uncomfortable
position. He declared that the farm-
er is forced to sell on a market
which is suffering sharp fluctuations
while other lines of business were go-
ing back to pre-war levels gradually
and in the majority of cases were not
compelled to sell at a loss.

But although these are absolute
facts, he said, the farm bureau, a
powerful organization in itself, di-
rectly opposes any action as a "pro-
ducers' strike" such as has been cal-
led by the Farmers' Union. These
methods, he declared, would not
prove a remedy for an abnormal de-
flation in prices.

COLE IS GIVEN \$100 AND COSTS

One hundred dollars and the costs
is the amount given Roy Cole, self-
confessed thief who stole the battery
and other parts from the Geo. Moxley
car after it had been wrecked east
of this city Saturday night.

Cole was arrested in Dayton and
brought to this city, together with the
goods he had stolen. He did not de-
ny his crime. His hearing was held
before Judge T. N. Craig.

INJURIES FATAL TO HOMER SELF

Injuries received at the M. Hamm
Fertilizer plant months ago are said
to have caused the death on Campbell
street Thursday night at 7:30 o'clock
of Homer Self, 27, son of Mr. and
Mrs. Clauson Self.

Self was injured while at work when
a cave-in of fertilizer almost cov-
ered him and broke his leg. The limb
was later amputated but it developed
that he was also hurt internally.

Besides the father and mother sev-
eral brothers and sisters survive.
Funeral services will be held at the
Christian Union church on Gregg
street Saturday afternoon at two
o'clock and interment will be made
in the Washington cemetery.

CHUBB CHOSEN

(By Associated Press)
Athens, O., November 19.—Dr. Ed-
win Watts Chubb an author of English
text books, was chosen acting presi-
dent of the Ohio University Thursday.

AFTER THE "FLU" OR ANY SEVERE SICKNESS

You Must Enrich The Blood to
Restore Strength.

To over come weakness after any
severe sickness nothing equals Vinol,
our cod liver and iron strength-cre-
ator and body-builder—because in a
natural manner Vinol creates thou-
sands of red corpuscles and enriches
the blood, quickens circulation, in-
creases the appetite, promotes sound,
refreshing sleep and soon the entire
system is filled with renewed life, vi-
tality and energy.

Mrs. Chas. Moore says: "Influenza
left her so weak she could hardly
walk, but Vinol quickly restored her
strength the same as it has for a great
many of her friends who have been
ill."

Your druggist sells Vinol. there-
fore do not accept any substitute. —

SEIZE SAMPLES OF CINCINNATI BEER

(By Associated Press)
Cincinnati, O., November 18.—Thir-
ty United States secret service agents
working on prohibition enforcement
today visited every brewery in Cin-
cinnati that is operating and seized
samples of beer manufactured.

CASHIER THWARTS BANDITS ATTEMPT TO STICK UP BANK

(By Associated Press)
Dayton, O., November 18.—The cas-
hier of the Vandalia Bank
of Vandalia, five miles north of
here, today foiled a lone bandit in a
daring attempt to rob the bank when
he seized a gun and exchanged shots
with the robber. Citizens pursued the
robber and captured him.

RED CROSS CAPTAIN TAKEN BY SOVIETS IS REPORTED ALIVE

(By Associated Press)
Washington, November 18.—Cap-
tain Emmett Kilpatrick, of the Amer-
ican Red Cross unit in South Russia,
captured several weeks ago by the
soviet army, was alive at midnight
Saturday, October 30, and probably
has been taken to Moscow, say cable
advices to Red Cross headquarters to-
day from Sebastopol.

Previous reports said Captain Kil-
patrick had been killed after having
been stripped and beaten by bolshevik
troops.

PRaises FARMERS FOR THEIR COOPERATIVE SELLING PRACTISE

(By Associated Press)
Columbus, November 18.—Praising
farmer organizations for taking up co-
operative selling on a large scale and
declaring that the next step must be
collective buying, Milo S. Campbell, of
Michigan, addressed the National Farm-
ers' Congress here today.

DEMPSEY TO MEET BRENNAN DEC. 14

(By Associated Press)
New York, November 18.—Jack
Dempsey will defend his title in a
four round bout against Bill Brennan,
of Chicago, at Madison Square Garden
here on December 14.

SCORES PROSTRATED BY LEAKING CHLORINE

(By Associated Press)
Nashville, Ky., November 18.—
Scores of persons were prostrated
when a tank containing chlorine gas
sprang a leak near the Chesapeake
and Ohio Railroad station here today.
Two factory employes may die.

Don't fail to read the City Meat
Market's ad. It will be a saving to
you.

TRIO CONVICTED OF BIG THEFTS

Leroy Lambert, Samuel Frazer and
William Conrad, Columbus railroad
men, were found guilty of robbing
an N. & W. freight car of \$2320 worth
of cigars when tried in the Ross
county common pleas court.
The jury found the men guilty of
burglary and grand larceny, and all
face terms in state prison for their
crime.

Have you read the City Meat Mar-
ket's ad?

One of the duties of today is to
qualify for tomorrow.

FUNERAL SERVICES MR. ROBERT GREENLEE

Friends in large number assembled
at the Presbyterian church of Bloom-
ingburg Thursday afternoon for the
funeral services of Mr. Robert Green-
lee, conducted by Rev. Kearns-Pres-
ton, assisted by Rev. Morrison, of the
M. E. Church.

The services were deeply affecting
The only music was that which Mrs.
Maude Howland evoked from the or-
gan as the flower covered casket was
borne down the aisle; the hymns
"Asleep in Jesus" and "Oh Love Di-
vine," read.

Rev. Kearns-Preston paid fervent
tribute to Mr. Greenlee, speaking of
the high esteem in which he had been
held in Bloomingburg, where he was
born and raised and lived out his use-
ful days. While the activities of his
life had been confined to Blooming-

burg and vicinity, and while his
sphere had not been as broad as some,
he had always stood for those things
for the good of the community and
given the best of himself to home
and friends.

Mr. Greenlee had been a member
of the Presbyterian church since 1871.

Rev. Kearns-Preston closed the ser-
vices very beautifully by reciting Bry-
ant's "Thanatopsis."

The burial was made in the Bloom-
ingburg cemetery the pallbearers,
Messrs John Sutherland, Quincy Kin-
kaid, Jos. Y. Stitt, Wade Creath, Hugh
Pinkerton, of Bloomingburg and Mr.
George Jackson, of this city.

Beautiful flowers were largely the
gift of the immediate relatives.

Relatives here to attend the ser-
vices were Mr. Fuller Greenlee, of
Chicago, a son; Mr. Charles Greenlee,
of Buffalo, a brother; Mr. Ray Green-
lee, of Dayton a nephew.

CAUTION

Cooper Battery Owners

We feel that every COOPER Battery placed in service in our territory is an added obligation for us to assume. It is our business to see that you get SERVICE.

To those who have purchased Coopers of us, and they are many indeed, we address this message:

Coopers seldom have occasion to go to the service station, but when yours does, as it is likely to in winter, bring it to us that we may fill our obligation to you and to the makers of the battery in enabling you to get the fullest measure of satisfactory service. Have it watered regularly and tested often in winter. Remember, if it freezes it is gone.

COL. M. W. ECKLE, Auctioneer. A. C. ZIMMERMAN, Clerk.
Lunch By The Buena Vista Ladies' Aid Society.

ANTON BERNICK, of St. Paul, Minn., who says he now eats better, sleeps better and works better, as a result of taking Tanlac. Says all his friends are talking about his improvement.

"There must be something wonderful about Tanlac for it has made me feel better, eat better, sleep better and work better," said Anton Bernick, of 136 East Congress Street, St. Paul, Minn., a well known employee of Swift & Company.

"Tanlac has helped me so much that all my friends are stopping me on the street and asking me what it is that is making me look so well, and of course I am always glad to tell them it is Tanlac. I hadn't been down sick in bed exactly, but I hadn't felt just right for a long time. I was all run down, had indigestion, my appetite was poor and nothing agreed with me. In fact, I had to force down every mouthful I would eat and I would always suffer from indigestion for an hour or so after every meal. I also had headaches and would get so dizzy at times I could hardly keep from falling. I simply had no ambition or energy to do anything.

"Just as I have already said, Tanlac has made a brand-new man of me and I am feeling fine now in every way. Of course I will always recommend Tanlac."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by I. W. Murphy and in Millersville, E. L. Ford Sons, Lee Orman, Selden. — Adv.

"YOUR MEDICINE IS O. K."

Mrs. Charles Rule, New Diggins, Wis., writes: "Your medicine is O. K. I would never be without it." Foley's Honey and Tar acts quickly, checks colds, coughs and croup, cuts the phlegm, opens air passages and always irritates. It stops sleep-disturbing coughing at night. Contains no opiates. SCHOOLS SEVER ATHLETIC TIES WITH EVERETTS

Policy of Circleville High Causes Greenfield and Chillicothe to Sever.

Relations Broken Off Until Change of Policy is Assured.

Unless Everetts High School of Circleville undergoes a change in its policy towards athletics it is not going to have many friends in the South-central high school conference.

Two schools have declared they will not schedule another athletic contest of any kind with Circleville, McClain High of Greenfield and Chillicothe High are the ones to object to Circleville's attitude in athletics.

Circleville was scheduled to meet Greenfield Friday afternoon but cancelled Thursday evening. Their reason was that the weather would not permit a football game.

Professor E. R. Harris, of Greenfield, stated Friday morning that his school "severed" with Circleville and that basketball games scheduled between the two schools for this winter would be cancelled. He said that the Greenfield gridiron was in good shape to play the game but that Circleville refused point blank to send its team.

Professor Harris also stated that his team criticised their treatment at Circleville when Greenfield held the championship claimants to a 10 to 7 score. It was also stated by Professor Harris that he had talked with the head of the Chillicothe High School and that he had been informed Chillicothe High had taken action to "break off relations."

SECOND NUMBER PLEASES AUDIENCE

The Great Lakes String Quartet, appearing at Grace Church Thursday night as the second number of the Washington lecture course, was composed of four really gifted musicians whose work met with general favor, and the large audience expressed appreciation by unstinted applause.

The program was composed of classic music, exceptionally well rendered. Several difficult numbers were included in the offering. A viola solo by Robert Dolecki formed one of the most pleasing numbers of the program.

The next number of the course—John Hand, new American Tenor, who appears December 13th, is one of the big numbers of the course. Mr. Hand being equal to any singer ever brought to this city.
